

CLUB HOUSE DEDICATED

COUNTRY CLUB HAS A FORMAL OPENING.

**Society Folks Out in Force at the Big
Reception and the Event Was an
Auspicious One.**

In a blaze of social splendor the new club house and grounds of the El Paso Country club were dedicated last evening. Society folks were out in force to attend the reception, which was the principal feature of the evening, and thus make the opening of the club an auspicious event.

The Fort Bliss band, by courtesy of Major Partello, was present, and gave a concert, which was enjoyed to the utmost in the delightful night breeze.

The club house and grounds are situated just west of Washington park and only a short distance off the car line. In its appointments the club house is everything that quarters for a country club should be and will, no doubt, become a very popular resort this summer.

The golf links have been completed for some time and are said by experts to be as good as any in the country.
